EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the TITLE:

"METHOD AND APPARATUS FOR MAKING A BALL AND SOCKET JOINT AND JOINT MADE BY SAME" has been deleted and –METHOD FOR MAKING A BALL AND SOCKET JOINT—has been entered.

The following is an examiner's statement of reasons for allowance: it is deemed novel and unobvious over the prior art of record to so perform a method of forming a mechanical joint as claimed including providing a studded ball and over-molding the studded ball movably within a desired structure, wherein the ball is configured for coupling to a desired mechanical linkage, including positioning the ball as claimed in claims 17, 20 and 52, 54, 58; including positioning a spring loaded assembly about opposite open portions as claimed in claim 1; including self-tolerancing the ball as claimed in claims 24, 31, 33 and 34; or including a temperature differential as claimed in claims 7, 10 and 59.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
